EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

CLAIM 1

--entity-- was inserted before "having" [line 8].

CLAIM 8

--entity-- was inserted before "having" [line 10].

CLAIM 15

--entity-- was inserted before "having" [line 10].

Allowable Subject Matter

Claims 1-30 are allowed.

The following is an examiner's statement of reasons for allowance: although the prior art of record discloses specifying a configurable digital system and controlling operation of a digital system, the prior art of record does not disclose, teach, or suggest, as per claims 1-21, taking claim 1 as exemplary, "a default input value among said plurality of possible input values, and a phase ID, wherein said output value controls which of said plurality of different possible configuration values is loaded in said configuration latch and said phase ID indicates a phase during which the default input value is to be applied" in combination with all of the features recited in the claim in its

Art Unit: 2825

totality, and as per claims 22-30, taking claim 22 as exemplary, "wherein each of said plurality of instances has a respective default input value among said plurality of possible input values and a respective phase ID, wherein said phase ID indicates a phase during which the default input value is to be applied; and in response to a command specifying one or more phase IDs, applying the default input value of at least one instance having a phase ID matching a phase ID specified by the command; and in response to the application of the default input value, obtaining an output value of the instance by reference to the mapping table of the Dial entity and setting the configuration latch in the digital system with a configuration value corresponding to the output value" in combination with all of the features recited in the claim in its totality.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See form PTO-892.
